FOR DEMOCRATIC SECRETARY OF STATE

D. E. McQUEARY PRIMARY, Aug. 2nd

Mr. McQueary is a native of Pulaski county, and belongs to one of the oldest families in the State, his ancestors, who were originally from Scotland, came to Kentucky from North Carolina in a very early day where some of them resided ever since.

Having been reared on the farm he represents the bone and sinew of the great State of Kentucky. However, he did not remain on the farm, but attended school, taught practiced law and in the meantime was engaged in journalism in both Pulaski and McCreary counties, afterwards becoming postmaster at Pine Knot where he proved himself to be one of the best postmasters in Kentucky. His training and experience qualify him for the position he seeks, and, if nominated he will fill the office with credit to himself and his constituency.

Mr. McQueary was a candidate for the nomination for Secretary of State four years ago, and not withstanding the fact that he withdrew from the race quite awhile before the primary he received seventeen thousand votes. His friends believe he is entitled to the nomination and will receive it. There is every reason why he should do so from their view point, and even those who oppose him can offer no valid objection to this nomination. The platform on which he is running is sound and practical and should be read by every voter in the State. It is not one made merely to run on, but to stand on after the election. Read it and then nominate him. —Somerset Journal.

Fellow Democrats of Kentucky:

In submitting to you my candidacy for the Democratic nomination for Secretary of State of Kentucky, I assure you, actions upon these vital, concise principles, and not words, will be my course:

1. Doubling all school teachers salaries and pay at the end of the month; free school books to all children. Being a member of our State Board of Education, I shall do even more for the schools of the State.
2. Laws requiring all legal advertising published in all the newspapers of the county.
3. Liberation of the 20,000 Democrats of the mountains from political and judicial oppression—a sane reform in our judiciary. Salary for Magistrates and Police Judges.
4. Law fixing penalty for violation of bar association rules.
5. A law guaranteeing to the tobacco growers a minimum price for their tobacco.
6. A creation of a State Department of Mining of equal dignity to the various other State Departments.
7. Amendments to the State Board of Health laws to better the health of our people and save them from quacks.
8. Increased pensions for Confederate veterans and widows.

I endorse the administration at Washington in toto and our President's League of Nations.

I have never held a State office, and while in office I shall not become a candidate for this or another office.

Upon these principles I rest my case with you. Your ballot on August 2 decides whether I am to be your servant to wage a fight for these principles.

Gratefully yours,
D. E. McQueary.

Hon. D. E. McQueary, Postmaster at Pine Knot, Ky., now on a leave of absence and doing some training in the Bowling Green Business University, recently in a drive in his home town and community he effected the sale and delivery of \$100,000 War Saving Stamps.

He is a lawyer by profession, was a candidate three years ago for the Democratic nomination for Secretary of State of Kentucky. Though he withdrew from the race some two weeks before the primary, he nevertheless received 17,000 votes, or 12,000 less than the nominee, Mr. Hamlett, received. His friends freely predicted that should he become a candidate again for the nomination at the next August primary, his nomination will be practically unanimous.—Bowling Green Times-Journal, Sept. 9, 1918.

Not only did he help in these drives to raise funds, but was a member of the U. S. Training

Post at Elkton, during last fall. Mr. McQueary has many friends in Rockcastle. He is a nephew of Mrs. J. N. Brown, of Level Green and a cousin of R. L. Brown.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

SUMMER COMPLAINT IN CHILDREN.

Rockcastle County is a law abiding county. Its citizens are patriotic in all things. To uphold the law is a duty. The new Revenue law provides that the Tax payer shall come to the County seat and give his list between July 1st and October 1st—each year.

Don't be a slacker. Uphold the law. Any one failing to comply with this law, will be fined not exceeding fifty dollars. I am asking you to come in on an early date, before the weather gets bad and before I am crowded with work. My office will be opened from 8 a. m. until 5 p. m.

C. T. SIGMON, Rockcastle County Tax Commissioner.

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell, of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for purpose."

NOTICE TO THE TAXPAYERS OF ROCKCASTLE COUNTY: Your tax for the year 1913 is now due. Please call at my office and settle same. Respectfully, T. P. LANGFORD, S. R. C.

Vernon, Ky., proceed to expose to public sale, to the highest and best bidder, the following described tract of land, located in Rockcastle County, Kentucky, on Clear Creek, and bounded and described as follows:

Bounded on the north by the lands of W. A. Hammonds; on the east by the lands of Henry Abney; on the south by the lands of John Cope; on the west by the lands of Spencer Abney, containing about 300 acres.

The two following tracts, however, with the right of way as herein set out, are excluded from said boundary.

Beginning at a stake on the top of a ridge in Kizzie Hansberry's line; thence running a straight line down the hill to a sugar tree; thence to a stone corner on the side of the county road; thence with county road to the creek; thence with the old creek bed, up the creek to Kizzie Hansberry's line, and being the west side of the John Anglin and Mary A. Anglin tract of land.

2nd Tract. Beginning at a stake in Henry Abney's line, running with a double mulberry a straight line up the hill to a stake in R. J. West's line on top of the ridge, including the right of way over the land between Martha B. Anglin and others, and running with Henry Abney's line to the county road.

G. S. GRIFFIN, Master Commissioner, Rockcastle Circuit Court.

LOSS OF APPETITE.

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

How Are You Going to Keep 'Em on the Farm?

ANSWER: With Electric Lights

Delco-Lights Makes the Farm Home More Attractive to the Girl or Boy

When Delco-Light is installed there is no longer as great incentive for the son or daughter to go to the city. Its conveniences are brought to their home in the country.

The daughter can have electric lights in her room, an electric curling iron and all other comforts that are so much desired by young woman. It makes the chores easier for the son and provides power for operating labor saving tools.

Delco-Light so modernizes the farm home that it brings cheer and satisfaction to every member of the family.

ANNOUNCEMENTS

We are authorized to announce
R. L. McFERRON

as a candidate for Representative from the Eighty First Legislative district, composed of Rockcastle and Laurel Counties, subject to the action of the Republican party at its primary election on August 12, 1920.

The supporters of Judge Carroll find hope in the fact, as they claim, that the country folks are indifferent about the Primary election, which is to be held throughout the state on Saturday, August 2nd. They claim that Carroll is stronger in the cities than Governor Black; that the city fellows will go and cast their vote and by reason of that, Carroll can win the nomination. It is true that the country folks have further to go to cast their vote and that it requires more time; that about August 2nd, the farmers are very busy. But we also know that the farmers are very patriotic; that they are keenly interested in the election of our officers and they do not propose to let the city fellows select their nominees for them. The country folks thoroughly understand the importance of their votes. They realize that it is their highest duty to express their choice at the polls. But if we be indifferent; if we take no interest; if we stay away from the polls; if we turn over the selection of our nominees to the political trickster or the city voters, then we cannot hope to get real high-class men in office or to have an honest or efficient government.

We are thoroughly opposed to the Republican ticket chosen by the bosses at Lexington. That ticket should be defeated because a few Republicans bosses from Louisville and Covington selected it. We are opposed to Democratic bosses as much as we are to Republican bosses. The people of Rockcastle appreciate this fact and desiring to nominate a ticket free from bossism, will march to the polls on the 2nd day of August. The people of this county want Governor Black nominated. They admire him. They trust him. He belongs to the plain, common, every day folks and will give to the people of this state an old fashioned, honest, economical administration of public affairs,—the very thing we most need and the very thing the Democrats of this county want.

So to the polls, Democrats, to the polls we go, and let every man see that his neighbor is there to cast his vote too!

If the live Democratic newspapers throughout the state will only open their eyes and observe the purpose and effort of the 7th Congressional District to obtain all the Democratic nominations they would find pleasure in giving that important bit of information to the voters. Here is the list:

For Governor, John D. Carroll, of the 7th District; for Lieutenant Governor, R. C. Oldham, of the 7th District; for Secretary of State, Mat Cohen, of the 7th District; for State Auditor, Henry M. Bosworth, of the 7th District; for Commissioner of Agriculture, John W. Newman, of the 7th District; for Superintendent of Public Instructions, Rice Eubanks, of the 7th District; for Clerk of the Court of Appeals, Alvin Steger, of the 7th District.

We do not mean to reflect on these candidates because they are from the 7th District, but would it be wise for the Democrats to load down their ticket with too many nominees from that district? It would be unfair to the Democrats of the state; it would be unjust to other districts for the voters through-

out the state and should look to this situation before casting their ballots.

Think it over, Brother Editors, and if you conclude that this is correct, let the information be published that the attention of the voters may be called to this serious condition that confronts us.

Gov. Jas. D. Black, for Governor, W. H. Shanks, for Lieutenant Gov. and J. W. P. Brouse for Auditor are three names that will look mighty good on the ballot next November. It looks like all three of them are winners. We know Black is, we believe Shanks will be and we hope Brouse is to be.

FARMERS COMMUNITY MEETING.

The Farmers Community Meeting held here on Monday, Tuesday and Wednesday, was a great success, notwithstanding the attendance of the farmers much smaller than was anticipated. The men and women sent here for this occasion, are experts in their line and those who heard them will profit as the result. The fact that more farmers did not attend than did, is due to the hay harvest which is on. Had it been possible to arrange the dates for this meeting for a later date, the attendance would have been quite different. Many of our farmers are interested in those things which will help them and help the county, some are not interested in anything and the result they are not doing much. Each speaker billed for the occasion was present and ably took care of the subject assigned. The picture show for each evening was a disappointment, because of a mishap, yet the evening sessions were full of interest and the most important reels were shown at the Boone Way opera house. Plans are already underway for another meeting just like this one in 1920 and if a more suitable time can be arranged, there is no question but that the attendance will be quite different. By that time the farmers will realize the benefits of the one just closed and be ready to take advantage of the benefits offered by those the future may bring.

This meeting closed Wednesday night with an attendance from 1000 to 1500 people during the series of lectures. All who attended are reflecting over what was said and done. The people who received the greatest good are those who attended every day. Those who attended part of the time, received good also. Those who did not attend will be wonderfully helped in directly by those who did attend. Therefore the conclusion is that all—the entire County is better by having had such a meeting. The people of Mt. Vernon did much in advertising the meeting by letter and word, to their friends. Country people were made glad by letter and word and town people by the presence of the country people. All deserve credit for the forward step in real living and letting live.

Each meeting was an inspiration to all. The speakers had a real message and spoke it with heartfelt conviction which brought results and will still continue to bring results.

There was a pure bred Duroc pig given away each afternoon at 5:00. Monday afternoon, Wm. McHargue, of Pine Hill drew the pig. Tuesday, Roscoe Proctor, an Agricultural club boy, of Orlando and Wednesday Miss Tabitha Hiatt, Mt. Vernon, 3 miles out of town on Dixie Highway.

Registration papers were filled out by the County Agricultural Agent and Mr. Walter Miller for each pig.

We expect these pigs to be exhibited at the Mt. Vernon Fair Aug. 13, 14, 15. The Fair catalogue states that all pigs must be registered.

The 36 papers that were given away were scattered in every section of the county. The papers alone are worth the entire cost of the meeting if nothing else had been done. The papers will continue to spread good tidings to the readers and the readers to their associates and friends. The good can't be estimated.

A movement was started for a meeting to be held in the county each month for the purpose of

getting together and discussing big and better things for the county's good. These meetings will be messengers for good in proportion to the attendance.

The questions of Health, Homes, Schools, Churches, Roads, Agriculture and Live Stock which were discussed in the Farmers Community Meeting must still be discussed in the coming monthly county meetings. These are subjects which are of vital importance to the people and to their happiness.

CO-OPERATION was the KEY for our future meetings.

The revival has now started in Mt. Vernon lets keep it up until it has reached the uttermost parts of the county and all are converted to Real Living and Real Happiness which brings success to all.

A CREED FOR ROCKCASTLE COUNTY.

Shall we as farmers and citizens accept the following creed:

"We believe in increasing and maintaining our soil fertility, more and better live stock, growing of legumes, rotations of crops, better homes, better schools, better churches, better roads."

The meeting which has just closed touched upon these things mentioned in the suggested creed. Read it, think it over and see if you believe in it as a citizen of Rockcastle County.

ROBT F. SPENCER, County Agricultural Agent. Boys' and Girls' Agricultural Club Convention Berea, July 24, 25 and 26th.

All Rockcastle County Club Boys and Girls, local leaders and those who have been invited want to attend this convention. Those who are going must catch train 38 on the K. C. line July 24, so as to reach Berea at 12:55. The afternoon of the 24th will be a great afternoon in Berea. The County Agent and all of Madison county club members will meet all visiting club members and friends at station.

There is Sunday School every Sunday afternoon at Rose Hill church. This school has recently begun to grow and when the Rose Hill folks get started they do good work.

660 ACRES GOOD LIMESTONE LAND

AND

All Farming Implements and Live stock
OF
The W. J. SPARKS CO.
AT PUBLIC AUCTION

ON THE
PREMISES

THURSDAY, JULY 24th, 1919 AT 10:30 A.M.
SHARP

As agents of the W. J. Sparks Co, of Mount Vernon, Kentucky, we will sell for the High Dollar without reserve or by-bid their 660 acres of fine limestone land which has been subdivided into tracts from 15 acres on up to suit purchaser, also all their farming tools and live stock. This Company has decided to quit farming and this will be an Absolute Sale and some one will reap the harvest.

This property is located 2 miles East of Mt. Vernon, Ky., on the Dixie Highway and also lies on the L. & N. Railroad, a station being right on the place. The improvements consist of 23 houses, one of which is two story of six rooms, halls, porches, metal roof, etc. An extra large Barn, two-story, 50x72 concrete basement and several concrete troughs right in barn, piped from a splendid spring, any number of stalls and places to feed cattle, the second story is 31 feet from floor to roof, several smaller barns. Large concrete Silo 45x16. This large Barn and Silo could not be put up to day for \$4,000.00 to say nothing of all the other buildings.

About 500 acres of this land cleared and in grass. There is about 50 acres in bottoms as good land as you can find anywhere. Several acres in Alfalfa. About 200 acres of this Farm will raise good Tobacco. This Farm is well fenced and no better watered farm anywhere. Any number of as fine springs as ever came out of the earth and 7 or 8 good wells. This is an ideal Stock Farm and splendidly located. If this won't make you money, no place will. It is one of those Golden Opportunities in life to make a splendid investment and get big returns. The increased values in land like this will be much greater in the next few years than in any other lands on the market and a little arithmetic will show you that the dividends are much greater on the amount invested than you can possibly make on high priced land. This land is not selling for anything like its real worth. Don't have it said of you in the next few years when it has tripled and quadrupled in value. "If I had only known and bought some of that Sparks' land see what I would be worth to-day." Your population is increasing all the time, the earth is not stretching one bit and people have got to have homes. This Land is bound to increase in value. This is the land you ought to have at the price you ought to pay. The only difference between the rich and the poor is but one of investment. One judicious investment is equal to a lifetime of toil. This Farm is so subdivided that the man of small means will have the same chance as the man of larger means. When you buy one of these Farms you are not prospecting with your money. It is a safe investment with large dividends guaranteed. "On the great clock of time there is but one word—NOW." Nuff sed. Attend this sale and ACT.

SUMMER COMPLAINT QUICKLY RELIEVED

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and Diarrhoea and should be kept at hand by every family.

Mrs. J. W. Tate died at her home in Brodhead Sunday morning at about nine o'clock. Mrs. Tate had been as well as usual except complained with a little neuralgia, and had retired Saturday night feeling as well as usual as far as her folks knew. At about 2:00 o'clock Sunday morning she awoke her husband asked him to take her to the open as it was difficult for her to breathe, and at that time lapsed into unconsciousness and continued in this stage until death came. Her physicians say that death was caused by paralysis. Besides her husband and an aged mother and a brother, she is survived by a daughter, Miss Miranda Tate, who is book keeper for the Citizens bank at that place. Burial took place at Piney Grove Cemetery Monday afternoon at 4:30 after short services by her pastor, Eld. L. N. Bowling. Among those attending the funeral from a distance were Misses Lou and Edith Phillips, of Wildie; Victor C. Tate, Mrs. W. H. Miller, Judge and Mrs. G. M. Ballard, and Mrs. P. L. Durham, of Mt. Vernon; Mr. and Mrs. W. H. Brown, J. M. Craig and J. L. Basley, of Lancaster; Mr. and Mrs. Homer Wallin, of Danville; Mr. and Mrs. Walter Miller, of Lebanon Junction; Mrs. Wm.
